

TKH Group is looking for a

Sustainability Manager

Apply now >

What difference will you make?

As one of the largest technology companies in the Netherlands with a global footprint, we have a long-term commitment to sustainability and to a strong ESG agenda. We are looking for a sustainability manager to support us to (further) define and drive the delivery of the TKH ESG strategy in line with our ambitions. This includes the development and management of the ESG agenda, communicating and aligning our ESG strategy and actions across functions and our subsidiaries.

How do you do this?

- Drive continuous improvements based on own initiatives and analysis, best practices and benchmarks
- Interpreting new and emerging legislation and regulations on ESG, sustainability and reporting (e.g. CSRD, EU Taxonomy)
- Support in complex ESG issues and take responsibility for the coordination and the implementation of our GRI, ESG strategy and policies
- Collaborate with colleagues on the quarterly and yearly reporting and applying sustainability standards at group level and for the various subsidiaries of TKH Group
- Monitoring on ESG progress and reporting to internal and external stakeholders. Conduct assessments on the environmental impact of the TKH businesses
- Attend events and trainings for personal development

What's in it for you?

You will receive a permanent contract

Excellent salary tailored to the job level, your expertise and competencies

Continuous professional growth including training opportunities

Flexible working hours, you are in charge of your own calendar

Lease car

A laptop and smartphone for professional and personal use

30 days of paid annual leave

A good pension scheme

Working for a top employer supporting your ambitions

Your profile

- Powerful hands on change manager who can define actions and drive implementation. Action oriented. Owning specific actions him/her self
- Bachelor and/or Master degree, preferably focused on sustainability
- Experience with setting up sustainability/ESG programs including internal reporting and external auditing (e.g., EcoVadis, CDP, MSCI, Sustainalitics, etc.)
- You have run major cross functional projects related to ESG themes including implementing ESG policies and performing company assessments
- Excellent internal and external communication skills, including fluent written and spoken Dutch and English

Where?

- You will work for the publicly listed holding company TKH Group
- Within the TKH Group there are various technology companies that are focused on advanced innovative technology systems in the field of Smart Vision, Smart Manufacturing and Smart Connectivity systems
- TKH Group employs over 6,000 FTE employees and operates globally
- You will work closely with colleagues on corporate level and also with the colleagues of the various subsidiaries
- TKH has multiple locations where you can work from. The headquarter of TKH is in Haaksbergen the Netherlands
- The location for this position is flexible and to be agreed on
